

## *What is Velosolutions?*

Velosolutions specialize in the provision of technical services and support to Cycling Federations and Events globally. We are a company run by cyclists, for cyclists.

Velosolutions Event Management can tailor specific support packages for one day or multiple day events internationally. Long standing relations with cycling's most important Federations, Teams, Organizations, Media and Technical service providers allow us to bring together excellent support structures to raise standards, safety, participation and media value of any new or existing road or mountain bike event..

Velosolutions can provide a total event management solution, including sponsorship attainment, UCI regulation adherence, athlete/team participation and contractor management.

## *Who is Velosolutions?*

Wanting to specialize in the technical execution of International cycling events, Velosolutions was founded by ex International cyclist David McQuaid post a successful road racing career.

A third generation member of the famous Irish cycling family - a family whom have had representation at 8 Olympic Games since 1948, an Irish Olympic record - David has wanted to apply the same energy, strategy and creativity into cycling events as he did as a full time athlete in a dedicated training and racing programme.

Based in Dublin, Ireland, Velosolutions boasts a multi lingual international staff always ready to adapt to a new project.

To whom so ever it may concern

**Mr. David McQuaid** has been actively involved in India since 2010.

The cycling federation of India first came into contact with him during his work with ID Sports promoting India's first ever cycling event in 2010.

Since then our relationship has grown and their confidence in him and his company has grown. In 2012 we - The Cycling Federation of India - have asked his company to assist technically in the promotion of a mountain bike event which we hope will appear within 12 months on the UCI calendar.

Further more we hope to create a technical role for Mr. David and his company (Velosolutions) for the Asian Cycling Championships, which will be held in India in March 2013.

If you have any questions please do not hesitate to contact us here at these offices.

**Onkar Singh**  
Secretary General

To Whom It May Concern

**REFERENCE – DAVID McQUAID**

Le Tour de Langkawi (LTdL) is an annual cycling race, which is held in Malaysia since 1996 and is part of the UCI Asia Tour.

LTdL is sanctioned by the International Cycling Union (UCI) as a 2.HC (hors category) race since 2004 and is organized by the Ministry of Youth and Sports, via the National Sports Council (NSC) in association with the Malaysian National Cycling Federation (MNCF).

David McQuaid, as an independent contractor and now with Velosolutions has assisted LTdL since 2001 under Venner TV Ltd (VTV) producing LTdL's TV telecast and in later years as the event's Finish Venue Manager until the 2012's edition.

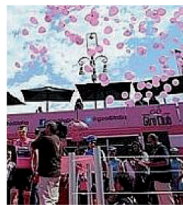

LTdL is widely attributed as Asia's premier cycling event to the world's cycling fraternity, thanks to the effort of many hardworking and creative minded professionals including David.

We take this opportunity to thank David for his efforts for making LTdL a great success and for his continuing support in the future.

Yours Truly,

**EMIR ABDUL JALAL**  
Chief Operating Officer

Specialist provision of technical services and support to **Cycling Federations** and **Events** globally.
